

SBT Welding Repair Charges

We can repair any damage to a set of cases, cylinder(s) and/or head(s) so long as the damage does not extend to a gasket or case mating surface. We guarantee all our welds for life.

These are only meant as examples to give you an idea of what to expect. These are NOT quotes for any charges to be applied to your account. Please send pictures to pictures@sbt.com if you require further clarification for your particular damages.

The actual charges will ONLY be applied once your core arrives for inspection. Any estimate given over the phone or via email is for estimate purposes ONLY.
